

GROWERS OF CORN HOLD CONVENTION

They Meet in Lynchburg to
Discuss Methods of
Farming.

MANY EXHIBITS ARE MADE

Prominent Speakers Give Practi-
cal Talks on Agricul-
tural Topics.

[Special to The Times-Dispatch.]
Lynchburg, Va., January 6.—The
sixth annual convention of the Vir-
ginia Corn Growers' Association con-
vened this morning at the City Audi-
torium, the attendance at the begin-
ning of the convention being less than
fifty, some of those present being resi-
dents of the city who were attracted
through an interest in farming and
farming.

In the absence of President W. P.
Moore, of Bedford City, the convention
was called to order by J. S. Pechin, of
Buchanan, the vice-president, and the
opening prayer was by Rev. James D.
Paxton, D. D., pastor of the First
Presbyterian Church.

In his address of welcome, Ernest
Williams, president of the Chamber of
Commerce, made a strong plea for bet-
ter social advantages in the rural sec-
tions, something he declared to be
necessary in order to hold the boys for
the farm life. Mr. Williams advocated
the formation of business associations
for sections and counties, the object
of which, he said, while working with
the boards of supervisors, would be
for the social uplift of the people, as
well as to secure better methods in
farming, in road building, in schools
and for the betterment of all phases of
country life. Mr. Williams was ap-
plauded by the members of the con-
vention.

In the big auditorium are exhibited
about 100 entries of farm products, this
being principally corn, which has been
entered for prizes offered for the most
part by local merchants and manu-
facturers. The awards will be made
before the close of the convention.

The first discussion arranged for the
session was a talk on corn and corn
products for feeding dairy cattle, by
W. K. Brainerd, professor of dairying
at Virginia Polytechnic Institute.

Dr. W. G. Crisman, professor of

J.B. Mosby & Co.

New Serge Dresses--Reduced

One-Piece Dresses, made of excellent quality black and
navy serge.

The tailoring and finish are of the required Mosby stand-
ard—the best that can be had.

We consider these Dresses to be among the most attrac-
tive bargains in the January Sale.

\$6.98—Regular price \$11.98—Regular price
\$9.00 \$20.00 and \$25.00.

\$9.98—Regular price \$15.98—Regular price
\$12.75 \$19.75 to \$36.75.

In addition to the above, we have half dozen other
groups of reduced price Serge Dresses, ranging in price
from \$19.75 up to \$29.75, including many fancy effects in
color.

Women's \$15.00 Coats, \$6.98

Chinchilla, in Oxford, gray, brown and navy; kimono
sleeve, plush collar and buttons, piped with velvet, three-
quarter length.

These Coats are all new, nicely tailored and up-to-the-
minute in style.

Big and comfortable—the kind of Coats you need for
rough mid-winter days.

They are the surplus stock of a manufacturer who was
willing to let them go at half price.

NEWS SOUTH RICHMOND

RECOVERS FROM POISON

Mrs. L. C. Puckett, who was errone-
ously given Carbolic Acid, Improving.

Mrs. L. C. Puckett, of 2509 Bainbridge
Street, Swansboro, who, on Monday
night was given a spoonful of carbolic
acid by her husband through mistake,
was reported yesterday to be improv-
ing. Mr. Puckett said that she would
recover, thinking that it was the
medicine which had been prescribed for
her.

Dr. J. G. Loving was summoned at
once, and administered an antidote. He
found two bottles on a shelf near
Mrs. Puckett's bed. One contained his
prescription and the other, which had
been opened and some of its contents
used, was partly filled with carbolic
acid. They are said to have been simi-
lar in appearance, in the darkened
room it was almost impossible to dis-
tinguish one from the other.

BEGIN DEFAMATION SUIT

Case of W. H. Blount Against Railway
Company for Damages Is on Trial.

Trial of the suit of W. H. Blount,
who asks \$5,000 for damages because
he was arrested from the Virginia Rail-
way and Power Company, because he
was arrested for not paying his fare,
was begun yesterday in the Hustings
Court. Most of the case was heard, and
it is expected the case will go to the jury
today.

According to the plaintiff's statement,
he boarded a Hull Street car, asking
for a transfer to the East Broad lines.
Blount then took a Broad and Twenty-
fifth Street car at Seventh and Broad
Streets. He tendered the conductor the
transfer, but it was refused on the
grounds that it was not valid. He was
told that he would either have to pay
another fare or leave the car. He said
he would not do either, and remained
in his seat.

Blount was arrested by the conduc-
tor, and taken into custody by a po-
lice man, who was on the car. He was
taken to the First Police Station, where
he was held for his appearance in
Police Court. When arraigned before
Justice Crutchfield the next morning he
was acquitted.

The plaintiff alleges that he was sub-
jected to unlawful arrest, and that his
character was defamed.

Chester to Get Lights.
Preparations are being made to fur-
nish Chester with a modern lighting
system. An appropriation of \$150 has
been made for this purpose by the
Chester Board of Supervisors. The
citizens have raised by public sub-
scription about \$140, which will cover
the total cost of installing the
lights to \$500.

Sent Boys to Reformatory.
Oscar Tyler and Charles Powell,
Southside youths, were ordered sent to
the reformatory by Justice Maurice
yesterday in Police Court, Part II, on
the charge of breaking into the photo-
graph gallery of J. E. Stone, 209 Hull
Street, and stealing some of the stock.
Justice Maurice held that the boys
were incorrigible.

setting fire to the stables of W. B. Da-
viz, was sent on to the grand jury. The
negro gave \$500 bond for his appear-
ance in Hustings Court, Part II.

Police Get Bloodhound.
A valuable aid in locating criminals
was secured for the Southside, when
the bloodhound which had been attach-
ed to the Chesterfield police force was
turned over to the Third Police Sta-
tion yesterday. The dog, which was
purchased by Chesterfield citizens, was
kept at the home of County Officer
George Jarrell until his resignation
recently. County Officer Jarrell, Mr.
Jarrell's successor, did not desire the
hound.

General News Notes.
The Chesterfield Chapter, United
Daughters of the Confederacy, will
hold its regular meeting on Saturday
afternoon at 3 o'clock in the home of
Mrs. J. M. Gregory, 1214 East 14th
Street. The annual election of officers will be held,
and all members are requested to be
present.

Captain James A. Lipscomb, desk ser-
geant of the Third Police Station, was
taken sick yesterday when he was con-
fined to his home, 1904 Maury Street. Officer
J. V. Manning is taking his place.

Truck Company No. 13 and Engine
Company No. 12 were called out yester-
day morning to a small blaze caused by
a defective flap in the home of Mrs.
Harding, of 18 East 14th Street. The
fire was quickly extinguished.

Work is progressing on the laying
of concrete trolley poles along the
tracks of the Virginia Railway and
Power Company on Hull Street. About
thirty-five poles will be needed. They
will extend from Market Bridge to
the head of Hull Street.

BRIGHT'S DISEASE CAN BE STOPPED

Positive Arrest by Newly Evolved
Treatment Claimed as Medi-
cal Certainty.

[Special to The Times-Dispatch.]
Los Angeles, January 6.—Positive ar-
rest of Bright's disease by a newly
evolved treatment of "washing"
internal kidneys with certain alkaline
substances is claimed by a medical cer-
tainty. John Frohman, a patient at the
Los Angeles County Hospital, has been
recovered from further ravages of
the disease.

Dr. A. T. Charlton, one of the leading
physicians at the hospital, and who
devised the new method of treatment,
declared that not only in the case of
Frohman, but in fifty other cases, the
disease had been stopped in its pro-
gress to such an extent that each pa-
tient could live a normal span of life
as far as further trouble from the kid-
neys would be concerned.

Twice a day a solution of "Bright's"
disease was utilized, so that the affected kid-
neys were being continually bathed
in an alkaline solution.

Constant testing showed that the
toxicity of the organ had been over-
come through this heroic means of
treatment, and Frohman improved to
such an extent that he has been told
that with care and watchful living he
need expect no more trouble from his
kidneys.

In explaining his method of treat-
ment, Dr. Charlton said: "It is well
known that Bright's disease is caused
by the kidney being unable to purify
the human blood as it passes through
the organ. Various germs distribute
toxins or poisons, as they may be
called, through the various avenues of
the body steadily, the tonsils, teeth,
gall bladder, and so on, and these
toxins passing through the kid-
neys causes a diseased condition, which
is known as Bright's disease."

"The alkaline solution used in the
Bright's disease cure is composed of
three substances, I use Rochelle salts,
potassium tartrate and sodium car-
bonate. These are used in a quart and
a half or two quarts of warm water.
The amount of each substance and the
amount of water and the number of
times it is administered to the patient
depend entirely upon the condition of
the disease."

"As a rule, I give treatment two or
three times a day. The solution is ab-
sorbed into the blood stream and elimi-
nated through the kidneys."

"The treatment overcomes the pre-
ponderance of uric acid and the patient
recovers from the disease."

"The treatment was discovered by Dr.
Vernick, of Los Angeles, and my-
self. It has not failed in a single in-
stance. There is one patient with whom we
are having trouble, but he is so badly
affected by a blood disorder that we
could not hope for the usual perfect
result."

"I have been using the treatment a
month on these patients, and practi-
cally all of them have fully recovered,
although many were in the most ad-
vanced stage of Bright's disease. The
others are on the road to recovery."

"The length of time required for
the cure to prove effective, however, is
determined by the advanced con-
dition of the disease and the condition
of the patient."

"Of course, there always remain in
any kidney which has been affected by
Bright's disease the scars caused by
that disease, but the scars are healed
to such an extent that the organ can
perform its function for an unlimited
number of years, provided a keen watch
be kept over the general condition of
health."

INDIAN AFFAIRS

Complete Reorganization May Be
Established During Pres-
ent Congress.

[Special to The Times-Dispatch.]
Washington, January 6.—Complete re-
organization of Indian affairs with the sepa-
ration of the Indian Bureau from the De-
partment of the Interior, may be estab-
lished during the present Congress as a result
of the failure to check the many abuses un-
der which the Indians have been suffering.

Senator Robinson, of Arkansas, has already
filed a bill to divorce the Indians from the
Interior Department and to create what will
be practically a department of Indian af-
fairs. During the period when the Senate is
waiting for the House to dispose of the
appropriation bills he hopes to press his bill
to passage through the Senate.

With the organization of the Indian ser-
vice into separate department, it is hoped
to make it more responsive and more re-
sponsible to the general public.

There appears to be strong arguments in
favor of the Robinson plan. The Indians
own property worth \$2,000,000,000, including
2,000,000 acres of oil-producing lands, great
timber and coal areas, and cattle worth
upwards of \$5,000,000. It is urged that the
Interior Department is waterlogged with its
many branches of the public service, and
that the Indians will have a better chance
for justice and fair treatment under a de-
partment devoted solely to the administra-
tion of their affairs.

The reorganized Civil Commission on In-
dian Affairs will meet in Washington the
first week of February and will take up a
number of important matters relating to In-
dian administration. The commission will
check up on the abuses disclosed by the re-
cent congressional investigations, and it is
expected to go into the question of why the
conditions disclosed in the White Earth and
other reservations have not been remedied.

This commission is a civilian body, acting
without pay in an advisory capacity to the
President and the Interior Department. In
the past it has appeared to have been un-
able to cope successfully with the conditions
under which Indian lands have been looted
by the Indians have been looted, but it is
hoped that the present commission will act

January Clean-Up Sale Of Druggets, Rugs and Linoleums

The most wonderful values are now being offered in
our Carpet Section. The qualities are standard, the designs
are choice, the colorings the best. Every piece has a new
price, and that price is the very lowest. Only a few from
the many are given here. You will serve your own best
interests by looking at the remarkable values.

with vigor enough to change some of the
lamentable abuses.

Among the new members of the commis-
sion is Isidore Dockweiler, of California, who
was engaged to-day in hearing the case of
an anti-Governor of his State when Secretary
of the Interior Lane was candidate for Gov-
ernor. Dockweiler is a man of warm sym-
pathies, and is expected to take a keen in-
terest in aiding the Indians. He is a lawyer
of note, and if he bestows his energies to the
correction of Indian abuses there are breakers
ahead for some of the land sharks and
rosters.

EACH WANTS CHILD.
Mr. and Mrs. Laderberg Air Domestic Diffi-
culties in Court.

[Special to The Times-Dispatch.]
Norfolk, Va., January 6.—Judge Hancok
was engaged to-day in hearing the case of
Sol Laderberg, of Suffolk, who seeks to se-
cure the custody of his seven-year-old son
from his wife, Mrs. Rae Laderberg, from
whom the father is separated. The father

is twenty-nine years of age and desires to
take the child to the home of his parents in
Suffolk. The mother resists the proceeding,
and sets up that she procured Laderberg
in the Norfolk court some time ago for non-
support. Laderberg says that he was forced
to separate from his wife because he was
unsuccessful in business after moving from
Suffolk. The mother resists the proceeding,
and sets up that she procured Laderberg
in the Norfolk court some time ago for non-
support. Laderberg says that he was forced
to separate from his wife because he was
unsuccessful in business after moving from
Suffolk. The mother resists the proceeding,
and sets up that she procured Laderberg
in the Norfolk court some time ago for non-
support. Laderberg says that he was forced
to separate from his wife because he was
unsuccessful in business after moving from
Suffolk. The mother resists the proceeding,
and sets up that she procured Laderberg
in the Norfolk court some time ago for non-
support. Laderberg says that he was forced
to separate from his wife because he was

and sets up that she procured Laderberg
in the Norfolk court some time ago for non-
support. Laderberg says that he was forced
to separate from his wife because he was
unsuccessful in business after moving from
Suffolk. The mother resists the proceeding,
and sets up that she procured Laderberg
in the Norfolk court some time ago for non-
support. Laderberg says that he was forced
to separate from his wife because he was
unsuccessful in business after moving from
Suffolk. The mother resists the proceeding,
and sets up that she procured Laderberg
in the Norfolk court some time ago for non-
support. Laderberg says that he was forced
to separate from his wife because he was
unsuccessful in business after moving from
Suffolk. The mother resists the proceeding,
and sets up that she procured Laderberg
in the Norfolk court some time ago for non-
support. Laderberg says
